Dear Ms. Hays:

On behalf of everyone at CAREERS for People with Disabilities, Inc., I would like to thank you for your contribution of \$300 sent in response to our Annual Appeal. Your generosity is greatly appreciated.

As a non-profit organization, CAREERS relies heavily on the support of people like you to help pay for the services we provide to our disabled clients. **Particularly at this time, as government is decreasing funding for programs such as ours, your donation is crucial to sustaining our essential services.** Especially in the current weak economic climate, the need for job placement and support services continues to grow. **Your support helps us help people with disabilities to achieve sustained, meaningful employment.**

**Your contribution directly benefits people with disabilities and helps transform lives from dependence to self-sufficiency!** As always, the vast majority of our annual budget goes directly to providing client services. Thanks to friends and benefactors like you, **we provided services to over 400 individuals throughout Westchester and Putnam and placed close to 80 individuals with disabilities in new jobs so far in 2010!** We couldn't have maintained this high level of service and success without you.

Again, please accept our heartfelt appreciation during this holiday season, and thank you for helping us help others.

Sincerely,

A handwritten signature in black ink, appearing to read "Tina Cornish-Lauria".

Tina Cornish-Lauria
